with compts Cy 25/9/44

The DCE states that owing to fluctuations in rates there was considerable difficulty in getting contracts for the works of the utility. So for certain items of work it was necessary to allow higher rates than the schedule rates in accordance with PW 7069-70 dt 30-3-43

Routine Notes

[To be used only for notes requisitions, etc, not intended for permanent record]

" The audit dept took objection to the payment at higher rates for the works on the ground that the G.O. of 30-3-43 was not made applicable to local bodies

" The points for orders are:-

1) To sanction the payments already made at higher rates,

2) To make the G.O. of 30-3-43 applicable to all the local bodies till the close of the year.

" Subd with G.O.P.W. 2069-70 of 30-3-43 for favour of reference and orders

11/9

The payment of extra amount ranging from 12½ to 90% in respect of five items in the Salsette Island may be approved by the Govt as the rates are higher than those sanctioned for similar works elsewhere

U O No 226/CLAD dated 22-12-44

Returned with compliments

1/a The Municipalities are required to closely follow the local P W D Schedules of rates in force from time to time

2) Owing to the impracticability of preparing a workable annual schedule due to the present abnormal conditions of the market for labour and materials, the P.W D. obtained orders of Government (G.O No 1933-34 dated 4-9-42) to retain the schedule for 1941-42 as a standard till the duration of the war As there was abnormal rise in the cost of labour of materials subsequently, orders of Government were obtained in G O No 7069-70 dated 30-3-43 permitting the Chief Engineer to enhance the schedule rates upto a maximum of 25 percent The Superintending Engineers also have been empowered to sanction enhanced rates upto 12½ percent The Executive Engineers, who are responsible for the execution of works, are not allowed to pay any excess over the schedule rates without the orders of the Superintending or the Chief Engineer

3) It is but equitable that the enhancement of rates ordered in the G O.of 30th March 1943 should be extended to the District Boards and Municipalities, where on account of the low rates, the execution of works is much retarded and in several cases even small works of a petty nature are allowed to drag on for years The enhancement may be ordered by Government subject to the following conditions -

(1) an enhancement upto 12½ percent over the Schedule may be sanctioned by a resolution of the Municipal Council

(2) Any further enhancement upto 25 percent of the Schedule may be sanctioned by the Deputy Commissioners on a representation of the Municipal Council In the case of the City Municipalities and District Boards the President or the Commissioner may be empowered to sanction enhanced rates up to 12½% on their own authority while a further increase upto 25 percent may be sanctioned by a resolution of the Council or the District Board

Sir,

Re payment of extra rate at 12½ to 20% over the schedule rate of works in Saklespur Municipality

---

I have the honor to state that the Municipal President of Saklespur has reported that the Municipal Council of Saklespur resolved at their meeting held on 30-4-43 to allow an extra rate not exceeding 25% over the schedule rate for all works of the Municipality in accordance with G O No P W 7069-70 dated 30-3-43 as no contractor came forward to undertake the works on account of fluctuations in rates, that extra rate at 12½ to 20% was allowed for certain items of works and that the auditors have raised objection to this payment on the ground that the G O dated 30-3-43 is applicable to P W D and not to local bodies An extract from the audit note in this behalf is enclosed Generally the schedule of rates obtaining in the P W D, are adopted for all works undertaken by the Municipalities Since the auditors have raised objection to the extra payments made for works mentioned in the audit objection, I request that sanction of Government may kindly be obtained to the resolution of the Municipal Council for extra payments made at 12½ % to 20% and to make applicable the G O of 30-3-43 to all the local bodies till the close of the war

A copy of the resolution of the Municipal Council dated 30-4-43 and 29-5-43 is enclosed

The Assistant Engineer, Saklespur Sub Division has opined that additional rate of 20% for works in Saklespur Taluk

is quite necessary if good progress is to

I have the honor to
Sir,
Your most obedient servant

Deputy Commissioner,
Hissar District.
